

[0033] Although the current invention has been described with respect to specific details of a certain preferred embodiment thereof, it is not intended that such details limit the scope of this patent other than as expressly set forth in the following claims.

Claims

[c1]

1. An instruction method to train writers in the occupation of Professional Book Writer™ wherein the student learns to provide editorial services to fiction and nonfiction book authors, comprising: occupational introduction; industry information; editorial skills which rely upon industry information; political skills which rely upon industry information and editorial skills.

[c2]

a method according to claim 1 wherein occupational introduction comprises a plurality of sets of parameters;

[c3]

1. a method according to claim 2 wherein those sets of parameters are demonstrated in charts, tables and sample assignments;

[c4]

1. a method according to claim 1 wherein industry information is categorized into eight modules, each with a plurality of sets of parameters;

[c5]

1. a method according to claim 4 wherein those sets of parameters are demonstrated in charts, tables and sample assignments;

[c6]

a method according to claim 1 wherein editorial skills are categorized into three modules, each with a plurality of sets of parameters;

[c7]

a method according to claim 6 wherein those sets of parameters are demonstrated in tables, forms and sample assignments;

[c8]
